(ii) FM stations (including translators) in order by frequency.

Complete lists are prepared approximately once each month; there are no updates.

(3) Copies of the FM Engineering Data Base are supplied to NTIS approximately once each month. NTIS refers to this as the "Broadcast FM Data Base."

(c) For TV stations, the lists are arranged as follows:

(1) Authorized stations, pending construction permit applications, proposed rulemakings, and vacant channels in order of state and city. A complete list is prepared approximately once a month, with updates approximately each week.

(2) Vacant assignments and applications therefor. The list is in order by state and city. Complete lists are prepared approximately once a month; there are no updates.

(d) For TV broadcast translator stations, the lists contain authorized stations and pending construction permit applications for new stations and changes in existing facilities. There is one list arranged in order by state, city, and channel; and another list arranged in order by state, channel, and call. Complete lists are prepared approximately once a month, with updates each week.

(e) Users of the data bases and the lists prepared from the data bases are cautioned that the data bases and the lists are unofficial. They have been prepared for the convenience of the FCC's staff, and should not be relied on by the public because in some instances the data bases and the lists may not agree with the primary sources of information (e.g., official license documents, international notifications, actual applications, and the like). Action by the public, such as the filing of applications, should be based on the primary sources of information and not on the data bases or lists. If there are discrepancies between the primary sources of information and the data bases or lists, the former control.

(f) The United States and its officers, agents, and employees shall not be responsible or liable for any loss, ex-

pense, or damage arising from or incident to the use of either the data bases or the lists by the public.
